

Universal 3-in-1 Combination Serialized Laptop Lock

The one combination cable lock that secures it all.

K60615WW

Product Description

Now there's one combination cable lock that does it all. The Universal 3-in-1 Combination Serialized Laptop Lock fits any laptop security slot — standard, nano, and wedge-shaped — helping to “future-proof” your locking solution. Preset serialized 4-number dial offers 10,000 possible combinations to deter theft. Carbon steel cable provides peace-of-mind security. Additional features include Register & Retrieve™ for quick, secure, and easy combination retrieval; and a five-year warranty backed by Kensington, inventor and worldwide leader in laptop security locks. All Kensington locks are verified and tested for strength, physical endurance, and mechanical resilience.

Features

- One lock for any slot — fits standard, nano, or wedge-shaped laptop security slots, regardless of brand or generation, helping to “future-proof” your locking solution. Lock tips are easily changed; a tether keeps unused lock tips handy.
- Serialized 4-number dial offers 10,000 possible combinations to impede theft.
- Features a preset combination for immediate deployment without the need to set a combination yourself.
- 1.8m (6 ft.) carbon steel cable with plastic sheath delivers cut and theft resistance.
- Register & Retrieve™, Kensington's online registration program, allows for quick, secure, and free combination retrieval.
- Kensington locks are verified and tested. Each lock is precision engineered to meet or exceed rigorous industry standards for strength, physical endurance, and mechanical resilience.
- A five-year warranty means you can rest assured knowing you're covered by Kensington, inventor and worldwide leader in laptop security locks.
