

USB-C to Ethernet Adapter with 3x USB-A, Gigabit, Thunderbolt 3—PD Charging, Black

MODEL NUMBER: U460-003-3AGB-C

USB 3.1 hub adds USB-A, Gigabit Ethernet and USB-C charging ports to your laptop, MacBook or other compatible device.

Features

USB-C Hub Connects to Your Device's USB-C or Thunderbolt 3 Port

This USB 3.1 hub expands the potential of your tablet, laptop, Chromebook, MacBook, smartphone or PC's USB-C or Thunderbolt 3 port. It's ideal for connecting to a wired Gigabit Ethernet network, adding a thumb drive and other USB peripherals, and powering and charging a PD Charging-compliant mobile device—all at the same time.

Accesses a Wired Gigabit Ethernet Network

The RJ45 port offers access to a Gigabit Ethernet network when no Wi-Fi is available or when a wired connection offers faster speeds. Connect using a UTP cable (sold separately), and enjoy true 10/100/1000 Mbps Ethernet speeds for fast data transfers.

Connects Up to 3 USB-A Peripherals

Three USB-A ports accept USB peripherals, such as a flash drive, mouse, keyboard or printer, and the dedicated BC 1.2-compliant port provides up to 1.5A for charging smartphones and other mobile devices. All ports support fast USB 3.1 Gen 1 data transfer rates up to 5 Gbps and are backward compatible with previous USB generations, so you can continue using older peripherals while getting high-speed performance from new devices.

Charges a Connected Device

The USB-C Power Delivery (PD) port provides power and charging to the PD Charging-compliant device (such as a MacBook, Chromebook or Android smartphone) the USB-C network adapter is connected to. Connect the device's AC wall charger to the USB-C PD port, which supports power input up to 60W.

Built-In USB-C Cable Connects in Either Direction

Connect the reversible USB-C plug to your source device's USB-C or Thunderbolt 3 port. The fumble-free USB-C plug connects in either direction to ensure fast, easy connection every time.

Ready to Use Right Out of the Package

The plug-and-play USB 3.1 hub requires no software, drivers or external power. The compact unit fits easily into a pocket, briefcase or laptop bag for connecting on the go. Plug it into your laptop for instant network connection.

Highlights

- Connects you to a wired Ethernet network when no Wi-Fi is available
- Supports USB 3.1 Gen 1 for fast data transfers up to 5 Gbps
- Accepts up to 3 USB peripherals, turning your laptop into a mini workstation
- BC 1.2-compliant USB-A port provides up to 1.5A of fast-charging power.
- Powers and charges PD Charging-compliant devices, such as MacBooks and Chromebooks
- Easy installation with plug-and-play operation—no software required

Applications

- Access a wired Ethernet network in a location with no or spotty Wi-Fi
- Upload data from your notebook or download data from the Ethernet at true 10/100/1000 Mbps Ethernet speeds
- Charge your notebook or laptop by connecting its wall charger to the USB-C PD Charging port
- Transfer files to and from a USB thumb drive or external hard drive
- Write a report using a USB keyboard with your tablet or Android smartphone

System Requirements

3-Year Warranty and Environmentally Responsible Design

The U460-003-3AGB-C comes with a 3-year warranty. It's manufactured in compliance with strict RoHS specifications, reflecting Tripp Lite's commitment to environmental responsibility.

- Tablet, laptop, Chromebook, MacBook, smartphone or PC with USB-C or Thunderbolt 3 port

Package Includes

- U460-003-3AGB-C USB-C to Ethernet Adapter with 3x USB-A, Gigabit, Thunderbolt 3—PD Charging, Black
- Owner's manual
