

# Neat Frame Cart

Introducing the power of the Neat Frame & Tryten platform

## ABOUT THE NEAT FRAME

- Neat Frame is a first of its kind portrait-oriented all-in-one video device that offers superior audio-visual quality for your video consultations or phone calls via Zoom or Microsoft Teams.
- It is incredibly simple to set up and easy to use and pairs great mounted on a Tryten mobile cart solution.
- Background noise suppression and intelligent auto-framing make this a powerful tool in a wide variety of workspaces.
- Its super convenient touchscreen enables you to use this not only as a personal collaboration device, but also for hot desking, phone booths, or as a virtual kiosk and all manner of other new and exciting applications.
