

Increase effectiveness and productivity with an easy-to-use high-performance HP MFP. HP spherical toner and an intelligent cartridge optimise print quality and reliability. Do more with fast, high-quality print, copy, scan and fax functionality.

**Ideal for small and medium businesses, looking for one effective, reliable device to handle all of their black and white output and deliver high performance, functionality and value.**

**Get all the functionality you need at a price that's right for your budget.**

Print, copy, scan and fax<sup>1</sup> with just one, reliable easy-to-use device. Enjoy Hi-Speed USB 2.0 connectivity and easily and securely share your HP MFP across multiple users with fast, value-featured networking. Handle complex files easily with a 450 MHz processor and memory up to 64 MB. Protect your MFP from theft with the Kensington Lock that is included with this device. The 50-sheet automatic document feeder enables unattended faxing, scanning and copying of multi-page documents.

**Get great performance you can rely on to produce professional quality documents.**

Depend on built-in support for PCL 5e, PCL 6, and HP postscript level 3 emulation, enabling you to print complex documents. Up to 19.200 dpi scan resolution yields high-quality colour images. Take advantage of flatbed colour scanning and copy a variety of materials including books and other bound documents. Fast advanced faxing<sup>1</sup> includes private receive and FaxTel<sup>2</sup> and digital storage for more than 300 pages. Intelligence built into the Original HP cartridge optimises print quality.

**See productivity improve with fast print and copy speeds and a fast first page out.**

The HP patented spherical toner produces consistently bold, crisp text and sharp images—at the speed you need. Print and copy speeds up to 23 ppm minimise waiting so that you can be more productive. Instant-on Technology ensures a first printed page out in less than 9.5 seconds from PowerSave mode, two times faster than printers without it<sup>3</sup>. Copy jobs also begin in a matter of seconds from PowerSave mode. Default copy collation saves you the effort of having to sort documents manually.

<sup>1</sup> Fax capabilities are included on the HP LaserJet M1522nf MFP model only

<sup>2</sup> A handset is required to use the FaxTel feature

<sup>3</sup> Studies from Quality Logic show the typical print job is three to five pages

Instant-on Technology uses cutting-edge fuser technology to produce the first page faster when a printer is coming out of PowerSave mode so that your print job is done sooner.
