

Logitech G316 X 98 Gaming Keyboard - Black, Tactile

Level up your play with G316 X, is a wired gaming keyboard that delivers 8 kHz report rate performance and versatile customization that all PC gamers need. With a joyful LED display, hot-swappable switches and customizable PBT keycaps, G316 X makes game-ready technology accessible to all.

WHAT'S IN THE BOX

- G316 X Mechanical Gaming Keyboard
- USB-A to USB-C cable
- User documentation

FEATURES

- Near-instantaneous responsiveness: Experience elite gaming performance with an 8 kHz report rate for quick signal transmission and precise, game-ready response times
- Personalize your play: Hot-swappable switches and double-shot PBT cross-hatch stem keycaps allow you to easily customize the look and feel of your mechanical gaming keyboard, and helps with shine resistance
- Intuitive on-board controls: Joyful and interactive LED dot-matrix display and dial let you easily control report rate, volume, brightness, and media without leaving your game
- Premium sound and feel: Gasket-mounted structure with sound-dampening silicone and foam layers provides a refined, quiet typing experience and satisfying tactile feedback
- Dynamic LIGHTSYNC RGB lighting: interactive light bar reacts to your setup and dial adjustments, customize 30 different light zones and per-key lighting for a truly immersive gaming environment
- Space-saving 98% layout: Get full-size functionality, including a numpad, in a compact footprint; more room for mouse swipes while maintaining productivity for work or play
