8 MP Outdoor Intelligent Fixed Dome Camera

kinetic impacts.

The Gyration CYBERVIEW 810D 8MP Smart IP Security Camera

is an intelligent dome-type camera designed for indoor or outdoor applications. It comes with intelligent perimeter protection, including cross-line, intrusion, enter and exit area, etc. The camera is equipped with a fixed lens with focal-length options to capture various viewing angles. Compatible with Ultra 265, H.265, H.264, MJPEG video compression standards. Starlight technology ensures ultra-high image quality in low illumination environments. Its 4MP CMOS sensor and Wide Dynamic Range (WDR) technology allow the camera to capture crisp and clear images in most lighting environments. IP67 waterproofing standards provide the camera with superior protection from inclement weather conditions and can resist high energy
