Connectivity

Laptop, phone, tablet

Connect easily to different devices with the USB-C to USB-A adapter included

Audio

Noise-cancelling algorithms and uni-directional microphone

Secures that clear and natural voice is transmitted to B-side, while unwanted noises are filtered out

Microphone type

Noise-cancelling, uni-directional microphone

EPOS ActiveGard™

Protects users against acoustic injury caused by sudden sound bursts on the line

EPOS EU Noise at Work Limiter®

Enhanced audio protection, preventing listening fatigue, average 85 dB over a workday

Dynamic semi-closed speaker system

Offers various benefits from both open and closed-designs, making semi-closed headsets a versatile choice for various listening environments. Key benefits include balanced, more natural sound quality and better airflow for added comfort during extended use

Ease of use

Call control

Buttons on the in-line control feature distinct shapes that are easily recognizable by touch and backlit symbols clearly indicating the button function

Boom arm

Flexible boom arm allows optimal positioning for voice pick-up and 270 degrees rotation for left and right wearing

Certifications

Microsoft Teams, Zoom (Workplace and Contact Center), Google Meet and Webex by Cisco

Ensures optimal audio quality and seamless integration with your preferred unified communications platform
