

Three reasons to choose Brother self-laminating tape

1 Cost-saving, durable tape

Laminates while printing which protects your text

Label

Label

Brother tape

Other tape

3mm overwrap

Laminated printed area
6.6mm diameter cable

10mm+ overwrap

Non-laminated printed area

Temperature resistant

Abrasion resistant

Fade resistant

And it'll save you money, too.

No need to size up to wider tape for CAT 6A cables. Our 24mm tape does the job.

2 Print the length you need

No more carrying extra pre-sized label cassettes

AD07-15 AD07-15 p A1-A4 AD07-15 p A1-A4 to AD07-08 p 21-24

with our continuous tape.

3 More cables covered
