Multi-function Wi-Fi printer with integrated ink tanks for fast and cost-effective colour printing, copying and scanning, including two years' worth of ink[1].

The L365 is ideal for small and home office users looking for good-quality and ultra-low-cost printing, scanning and copying with Wi-Fi. Featuring high-capacity ink tanks, users can print more pages at a lower cost. Simple set-up helps you get started instantly to maximise productivity and avoid downtime. Micro Piezo technology and ISO print speeds of up to 9.2ppm[2] help produce high-quality, consistent results, fast.

Say goodbye to cartridges
The L365 comes with four colour Epson ink bottles (cyan, yellow, magenta, black) and two extra black ink bottles included so you have everything you need to get started right out of the box. Users can print up to 12,000 pages in black and 6,500 pages in colour[3] from the initial set of inks, meaning you can print for longer before you need to buy replacements.

Improve your productivity
Setting up the L365 is easy and hassle-free so you can start working straight away. Wi-Fi connectivity with Epson Connect[4] makes printing from smartphones and tablets easy. Multi-copy function means one page can be quickly copied up to 20 times in a single go to save you time. A 1,200dpi scanner also means you can produce high-quality scans of your photos and documents. When it's time to refill the inks, fast top-up technology means the job is made simple and quick to reduce downtime. Epson-genuine ink bottles make it easy to refill the ink tank with their clear labelling and drip-free nozzles.

Trust Epson quality
The purpose built ink tank is fully integrated into the printer, so you can enjoy reliable colour printing without the mess or hassle often associated with non-genuine refills and third-party ink tank systems. The L365 also comes with a one year or 30,000 page manufacturers warranty for additional piece of mind.
