

LabelWorks LW-K400VP

(Qwerty Continental & UK Type AC Adapter)

Versatile and feature-packed flagship handheld label maker with all-new productivity features and a very low total cost of ownership

How could Epson improve on its previous bestselling range of handheld label makers? The answer arrives with the LW-K400VP, a lightweight device with a built-in keyboard and productivity features galore. Extra-large fonts, new symbols and upgraded templates make labels easier and more economical for offices and retailers, electricians, AV installers, and warehouse and asset managers.

Easy text-entry

A bright LCD screen and built-in keyboard makes text entry easy in any lighting conditions. Extra large fonts are available, though text can also be automatically tailored to fit the desired size of label.

Less wastage

Longer tapes of up to nine metres mean a low total cost of ownership, while margins can now be cut to one millimetre, significantly reducing tape wastage.

Faster label-making

Using the built-in manual cutter, the Cut & Print feature prints the next label in a pre-set series when it detects that the user has cut the previous label, saving time. The LW-K400VP also has a built-in internal memory, so previous projects can be quickly recalled.

More choice

The LW-K400VP now offers a stunning 780 different symbols to suit any scenario, while there's a wide range of LK tapes available, including magnetic, heat resistant, glow in the dark, reflective, iron-on, and heat-shrink tube (HST). The LW-K400VP also includes new satin ribbon templates and improved cable flag label designs.

DATASHEET / BROCHURE

KEY FEATURES

- **Cut & Print**
Auto-print the next label in a pre-set series
- **Narrow margins, less waste**
Margins can now be cut to one millimetre, reducing wastage
- **Longer tapes**
Tapes are available in nine metre sizes, saving money
- **Auto-fit text**
Intelligently fits text to the desired size of label
- **780 different symbols**
More choice than on competitor products
