SureColor SC-T3400 - Wireless Printer (with Stand)

Wi-Fi® + Ethernet | Direct | 3.0

Professional, entry-level large format technical printer allows users to print quickly, accurately and reliably up to 24".

With the SC-T3400 it's all about the flexibility, reliability, detail and throughput speed. Whether you're printing CAD, architectural or engineering technical drawings, or GIS, this printer delivers stunning (borderless, if selected) prints, time after time. Designed for those who need a professional-level, technical printer which boasts a low total cost of ownership. Stand included.

Clean design
White, compact and fits most environments.

These inks don't run
It uses UltraChrome XD2 pigment inks which means your prints are smudge and water resistant (whereas standard dye inks may run). Also, the SC-T3400 delivers deep blacks and crisp, dense lines — ideal for technical graphics.

Supports wireless printing
Enables users to print directly from smartphones or tablet devices.

Seamless paper changes
Change seamlessly between LFP roll and sheetfeed as this printer supports up to A1 cutsheets as well as rolls.

Peace of mind
Unique Nozzle Verification Technology (NVT) helps prevent misprints.

Accuracy and precision
Print technical, architectural and engineering drawings in great detail, with ease.
