

ES-C380W

Perfect for when space is limited the ES-C380W is a compact document scanner with a power consumption of only 3.3W in ready mode, saving you money. It has a versatile range of media it can handle including passports and booklets up to 5mm thick.

The scanner's U-turn path position allows paper to be scanned without adding to the footprint of the device. Switch to straight path mode to scan passports and booklets up to 5mm thick. Scan to popular cloud based services including OneDrive, Sharepoint online and Microsoft Teams*. With a low power consumption, it also has a lower environmental impact.

PC-free scanning with ScanWay

Route scanned documents directly to the right destination using the colour touchscreen, without connecting to a PC. Scan direct to network folders, email, USB memory stick and popular Cloud-based services including Google Drive, Dropbox, Evernote and OneDrive for business. Scan to Microsoft applications Word, Excel, PowerPoint. Compatible with Windows, Mac, Chromebook, Android Mopria, Apple Airprint and Epson's Smart Panel app*.

Versatile

The ES-C380W is extremely versatile, handling from envelopes and PL cards to long paper and A3 (stitched). It can even scan passports and booklets up to 5mm thick. The ES-C380W also comes with a host of enhancement features, enabling you to improve text sharpness, as well as correcting edge folds, tears, border shadows and punch hole removal.

Two-in-one

The selector allows you to easily switch between straight path mode and U-turn mode, even while in operation, enabling you to create a single PDF. When the scanner is in U-turn mode, paper can be scanned without adding to the device's footprint, making it the perfect choice when space is at a premium. This makes it the ideal for any environment where desk space is limited.

Energy saving

With a power consumption of only 3.3W in ready mode and 1.0W in sleep mode, it will also save you energy.

DATASHEET / BROCHURE
