

# HP Reverb G2 Virtual Reality Headset

The no-compromise VR headset. Realistic visuals. Immersive soundscapes. Superb tracking and performance. Developed in collaboration with Valve and Microsoft, our breakthrough headset delivers a more immersive experience.<sup>1</sup> Ergonomically designed for comfort. Optimized for compatibility. Introducing the new standard in VR.

## **Exceptional combination of visuals and sound**

Equipped with industry-leading lenses and speakers designed by Valve, our HMD provides high quality resolution and fully immersive spatial audio. With mura-free, 2160 x 2160 LCD panels per eye, you can now see more detail than ever before.

## **A headset that adjusts to you**

Get maximum comfort for longer wear time. With flexible material, increased cushion size and lenses that can be adjusted for different eye distances<sup>2</sup>, each user experiences a custom fit regardless of face size and shape.

## **More cameras. Better tracking.**

With four cameras built into the headset and no external sensors required, you can now track more movement<sup>1</sup> no matter how extreme. And with a smaller and more ergonomic design, our controllers are more natural and comfortable to hold onto.

## **Compatible across the industry**

Looking for access across any and all VR content? With compatibility across both SteamVR and Windows Mixed Reality<sup>3</sup>, seamless access to everything VR is now within reach. All with quick and painless setup.
