

# HP LaserJet Pro 3001dw Printer

Powerful productivity. Seamless management.

Get fast printing speeds and easy management tools with LaserJet Pro.

This LaserJet Pro printer is built with powerful productivity features for small teams — fast speeds, built-in security, and cloud connectivity so you can setup and manage it from anywhere.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>
