

5 ft Desktop SuperSpeed USB 3.0 Extension Cable - A to A M/F

StarTech ID: *USB3SEXT5DSK*

The USB3SEXT5DSK Desktop USB 3.0 Extension Cable connects to an available USB female port on a Mac® or PC computer, allowing you to relocate the USB (female) port up to 5-feet away from the computer case. By extending the USB 3.0 port away from the computer case, you can situate a USB 3.0 port from the computer in a more practical spot, such as on top of the computer case or on a desktop.

Designed for next-generation SuperSpeed USB device connections, this USB 3.0 A-to-A Male/Female cable provides connectivity between a PC and hub or other USB devices, supporting a throughput of up to 5Gbps when used with a USB 3.0 host and device - an astounding 10x the capability of USB 2.0 (480Mbps).

Our 5ft USB 3.0 A to A desktop cable features high quality Shielded Twisted Pair (STP) construction, helping to prevent electro-magnetic interference and ensuring reliable data communication.

A perfect solution for accessing digital cameras, MP3 players, USB thumb drives or other external USB storage, the Desktop SuperSpeed USB 3.0 Extension Cable is backed by StarTech.com's Lifetime Warranty.

Applications

- Add easier access to a USB 3.0 port, to plug in your USB thumb drives, cameras, mobile phones, PDAs, and storage devices

Features

- Designed and constructed to SuperSpeed USB 3.0 Specifications
- High quality Shielded Twisted Pair (STP) construction
- Extend your connection between USB 3.0 devices up to 5-feet
- Data transfer rates up to 10x faster than USB 2.0
