# Lenovo L24i-40 Monitor
# Minimal design, maximum performance.
## Feels at home, even at work!

The Lenovo L24i-40 Monitor is designed to excel at both work and leisure. Its large, 23.8-inch screen allows you to get a lot more done relatively easily. Speed-read documents or get swept away by videos - benefit from a clearer perspective on work and play with the 1920 x 1080, FHD resolution display. Show off your work and collaborate with ease on the wide viewing angles of the In-Plane Switching Panel. The minimal, 3-side NearEdgeless frame of the screen affords a disruption-free, generous viewing pane. With its slim 6.9 mm ultraslim head design, stylish metal frame stand, and cloud grey color, the Lenovo L24i-40 elevate the aesthetics of your workspace. You are completely equipped to handle occasional color-critical work, using the display's 99% coverage of the sRGB color space. When it's time to take a break from all the work, your entertainment is in good hands, thanks to AMD FreeSync™[1] support and 100 Hz refresh rate, which together ensure that all your games run without any lag or stutters whatsoever. Irrespective of your laptop of choice, connecting it to the display is always a worry-free experience with the availability of both VGA and HDMI. Your meetings and movies will sound loud and clear through the two built-in 3W speakers, but if you'd rather use your own audio peripherals, the audio-out port has you covered. The Eyesafe 2.0 and TÜV Hardware Low Blue Light certifications protect your eyes while working for long hours, without altering the display's colors. Enjoy more space on your desk with clutter-eliminating cable management and storage space built right into the monitor stand and base. Accessing the monitor's basic and advanced settings is easier than ever with Lenovo Artery Software[2]. Composed of 85% recycled resin for plastic, this screen also does its bit for the environment. If you're looking for a tool that enhances both work and play, the Lenovo L24i-40 is the choice for you.

## Features of Lenovo L24i-40 Monitor

### Perfect meld of form and function

With its sturdy metal frame, Lenovo's L24i Monitor is designed to last while also looking clean and minimalistic. The cloud grey color and 6.9 mm head together bring aesthetic sophistication to your table. Your desk can now be absolutely clutter-free with built-in cable management. Switching between working on your phone and the monitor is now easier than ever, using the phone holder on the monitor base.

### Uncompromised viewing experience

Enjoy colors and details that pop on the In-Plane Switching display. Get more screen real estate on the Lenovo L24i-40 with its 3-side NearEdgeless monitor design. The 99% sRGB wide color space coverage gives you the flexibility to work on color-critical content whenever needed. While you work, the Eyesafe 2.0 and TÜV Hardware Low Blue Light certifications work behind the scenes to keep your eyes protected from strain and harmful blue light.

### Designed to work and play

Whether you're in a meeting or watching a movie, the two built-in 3W speakers ensure that you get stereo audio that's both rich and clear. The diverse input selection of HDMI and VGA on the Lenovo L24i-40 ensures that connecting any laptop to this monitor is never a problem. When it comes time to take a break from work, AMD FreeSync™[1] support and 100 Hz refresh rate ensure that your favorite games run completely lag-free.

[1] AMD FreeSync™ technology only can work with AMD Radeon™ series graphics card. | [2] This software can only be used with Windows 10 & Windows 11.
