PLEASE NOTE BEFORE ASSEMBLY:

To securely position plastic sleeves, place the two halves above the desired notches with the arrow pointing up and **slide down into place** while applying pressure. Make sure that the heights are identical for each post. **A small gap between the plastic sleeves is normal.**

1

Locate **outer curved posts** and **outer straight posts**. Secure **plastic sleeve pairs** to the third and fourth notches on the bottom of the posts (refer to note on front page for tips) and slide posts into the **lower shelf** from the bottom. Secure with rubber mallet.

2

Locate **post screws, inner curved posts, and inner straight posts**. Install **inner curved posts** and **inner straight posts** into lower shelf using post screws. Ensure the top of all eight posts are level.

3

Locate **small shelf**. Secure **plastic sleeve pairs** to the inner posts at the desired level and install shelf.

4

Repeat Step 3 for remaining shelf.

5

Locate **small shelf with support**. Secure **plastic sleeve pairs** to top notches of all posts and install shelf.

6

Place unit on side and screw **threaded feet** into bottom of all outer posts. If assembling **Deluxe Golf Bag Organizer**, skip this step and proceed.

CONTINUE FOR DELUXE GOLF BAG ORGANIZERS

7

Locate **lower side attachments**. Slide attachment up from the bottom of outer posts until the bottom two notches are exposed. Secure **plastic sleeve pairs** to the bottom notch of each post and lower attachment into place. Repeat for other side.

8

Locate **upper side attachments**. Secure **plastic sleeve pairs** to the outer posts at desired level and install attachment. Repeat for other side.

9

Place unit on side and screw **3" casters or threaded feet** into bottom of outer posts.

10

Locate **upper straight posts with threaded inserts**. Using **threaded inserts**, install the **upper straight posts** into the outer base posts. **Bottle opener** can be installed using a **plastic sleeve pair** on any post at desired level.

11

Locate **upper shelf**. Secure **plastic sleeve pairs** to top notches of upper straight posts and install shelf.

12

Fit provided shelf liners onto corresponding shelves, and hang hat hooks in desired locations.
