

Conference Mate™ Speakerphone

Portable NFC Enabled *Bluetooth*® Speakerphone that also plays music

*Professional sound quality
anywhere you need to make
conference calls*

PORTABLE, PROFESSIONAL QUALITY SOUND

High quality conference room speaker in a portable 4"x4" package! Pair this portable speaker with your smartphone (iPhone or Andoid), tablet (iPad or other), PC/Mac, or other A2DP *Bluetooth*® device. Non-*Bluetooth*® devices can also connect, via the 3.5mm jack (using your own audio cable).

NFC (Near Field Communications) chip means you can touch your NFC capable device to Conference Mate™ and it will pair automatically, instead of the standard *Bluetooth*® method of pairing

Color	Part Number	UPC
White	MCP-3020	800807300552
Black	MCP-3022	800807300569
MSRP:	\$119.00	

CONFERENCE MATE FEATURES INCLUDE

- 01 Full duplex, so you can speak and hear the other party at the same time.
- 02 Dual high quality omni-directional mic array so the unit will capture everything you say, and clearly. Enough volume so you'll be heard well at the other end.
- 03 Downward facing speaker with passive bass radiator means a realistic, deep bass and rich sounding audio. Add Bass Boost for concert hall like sound in a small, portable device.
- 04 You get 7+ hours of talk time; USB recharges high power density Lithium Polymer battery.
- 05 Advanced Audio Distribution Prole (A2DP) for high fidelity *Bluetooth*® wireless audio.
- 06 Add Bass Boost for concert hall like sound in a small, portable device..

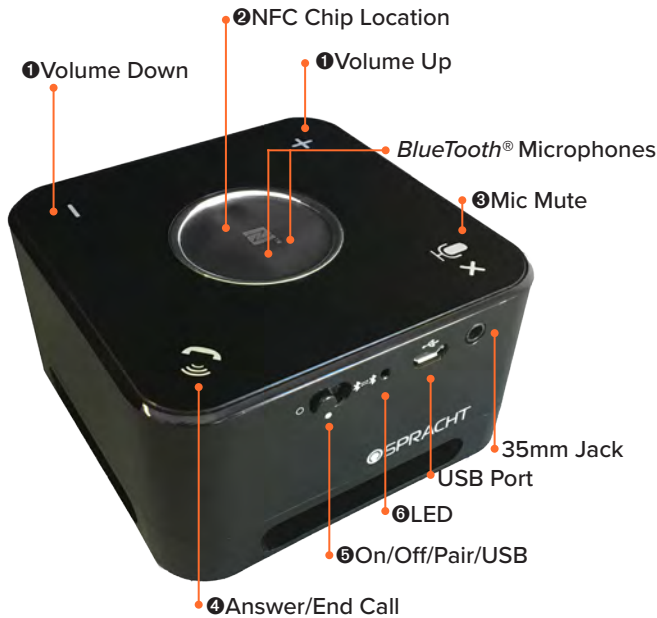

Download the FREE Bongiovi DPS App and improve the quality of your compressed audio playback even more.
