

17" HD Rackmount KVM Console - 1 Port

Product ID: RKCONS17HD

Providing centralized control of your single PC or dozens of servers, this HD rackmount KVM console also gives you easy access to and visibility of your system while it's mounted in a server rack or cabinet. Connected to your servers through a separate KVM switch (sold separately), the LCD console installs into 1U of rack-space, offering a space-efficient solution for complete console control.

High-Definition LCD Monitor

The 1080p KVM console's monitor is 17.3" and LED back-lit, for low power consumption. It supports high-definition resolutions up to 1920x1080 providing sharper video performance. This HD console also provides more screen space, helping you to run multiple applications on the same screen, increasing your productivity.

Clutter-Free Monitoring

The rack-mount LCD console slides out from 1U of rack space, enabling you to easily monitor and control a single server or multiple servers when connected through a KVM switch. The rackmount VGA KVM features a handle that makes it easy to slide the console in and out of the server rack, keeping your area organized and clutter-free.

Simple Setup

This single-port KVM console comes with everything you need to set up:

- 1 Audio Cable
- 1 Set of KVM Cables (VGA)
- 2 Rear Mounting Brackets
- M5 Cage Nuts and Screws

Cost Effective Solution

This KVM console provides all the essential controls you'll need to manage your server room at a low cost. The console features a built-in keyboard and a touchpad for intuitive control, as well as a high-definition LCD display.

StarTech.com offers a wide selection of KVM consoles to help you access your systems more efficiently without the expense and clutter of extra peripherals. This rackmount KVM console is backed by a 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Large server farms
- Colocation facilities

Features

- Save money and reduce hassle with a cost-effective rack-mount LCD console
- Crystal-clear picture quality and maximum screen space with support for resolutions up to 1080p
- Reduce your server room clutter with a 1U rack-mount design
- Intuitive system integration with direct support for a single server or KVM switch
- Built-in touchpad and keyboard
