

EVOLVE**2** 65 **Engineered to keep you agile.** Work anywhere with superior wireless call performance.

Better calls, seamless collaboration

We've made the incredible call performance of our worldleading Evolve series even better, with an advanced digital chipset that's three times more powerful and three strategically placed professional microphones.

UC-certified means UC-satisfied

When collaboration is easy, everyone is happy, with both their UC platform and their headset. Evolve2 65 is UC-certified and available in a Microsoft Teams-certified variant, for truly seamless communication.

Bigger speakers, better chipset, brilliant audio

You'll never miss a thing, thanks to powerful leak-tolerant 40mm speakers and our most advanced digital chipset ever, delivering outstanding audio that always keeps you in the loop.

Noise isolation like never before

Put on your Evolve2 65 and feel the noise around you instantly fade. Memory foam oval ear cushions and pioneering new angled design give you passive noise cancellation like you've never experienced.

Guard your concentration zone with an improved busylight

New and improved busylight is four times more visible, allowing you to be seen from every angle, for even fewer interruptions. So you can work in peace.

Work wirelessly, wherever

When you work on the go, you need a headset you can rely on. Our advanced battery efficiency technology and new digital chipset have helped us to squeeze a full 37 hours of juice from this powerful wireless headset. But there's also an optional charging stand – just in case.

Optimized for all-day comfort

We designed the perfect shape using biometric measurements from hundreds of heads, added soft memory foam cushions that mold to your ear's natural contours, and assembled it using durable, premium materials.

Future-proof tech that gets better with age

Benefit from rich business analytics straight out of the box, and add even more value to your investment with future firmware upgrades through Jabra Xpress.add even more value to your investment with future firmware upgrades through Jabra Xpress.
