

Privacy-first design. Protection when you're not there.

Arlo Essential 3 2K Indoor Security Camera

Arlo Early
Warning System

2K
Resolution

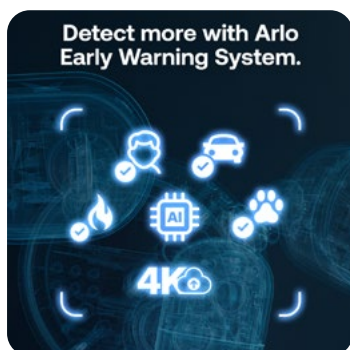

Privacy Shield

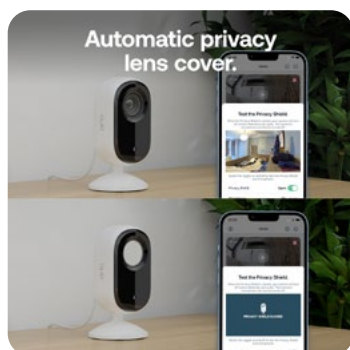

Loud Siren

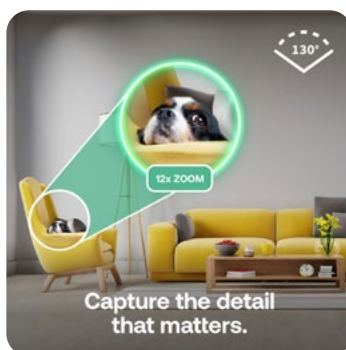

Two-way
Audio

 Detect fire, sound, and movements before they escalate, so you can act fast and keep your home safe from anywhere, any time.

Disarm your camera and the automatic privacy shield will fully cover the lens, giving you complete privacy.

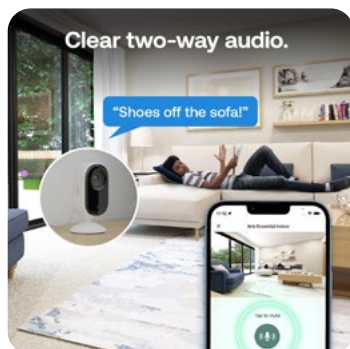

Capture faces, movement and moments clearly in 2K video - even in low light - so nothing important goes unnoticed.

 Advanced AI recognises people, pets, sounds and even fire, so you won't miss what's important, and won't be distracted by what's not.

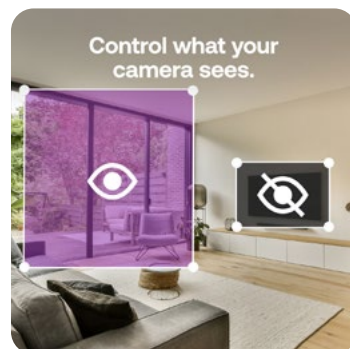

Trigger it automatically or on demand to help scare off intruders the moment suspicious activity is detected.

Built in speaker & microphone lets you speak to family and pets or warn off intruders as if you were there yourself.

Mix and match with indoor, outdoor, PTZ cameras to cover every corner, with no blind spots.

 Highlight key areas to watch with activity zones and block out private spaces with custom privacy zones.

Who is Arlo Essential Indoor right for?

- The customer new to home security or new to Arlo
- The customer who wants to:
 - 1 Protect their home from Intruders
 - 2 Detect home emergencies
 - 3 Keep an eye on Pets and Family while away

Why is the Arlo Essential Indoor Camera the best choice?

Smarter alerts - AI Early Warning System detects fire, sound, people, pets and more.

Crystal-clear detail - Capture faces, movement and moments clearly in 2K video - even in low light.

Privacy first - Built-in privacy shield you can close when you're home.

Always connected - Instant alerts direct to your phone, wherever you are.

EU-secure cloud - Protected by European data standards for peace of mind.

How does the privacy shield work?

When the camera is set to disarm mode the privacy shield will close over the lens, and both video and audio will be disabled.

When it is set to **arm-mode** the cover automatically opens and the camera begins to monitor.

TOP TIP Use the mounting plate to attach the camera to the wall so it can watch over the whole room.

What's in the box for the 2 camera kit:

- (2) Arlo Essential indoor Camera
- (2) Wall Mount & Screw Kits
- (2) Indoor USB-C Charging Cable
- (2) Indoor PA
- (1) Quick Start Guide
- (1) Security Decal

How to install and connect:

- Install yourself in seconds – simply plug into a wall socket and follow the app instructions.
- Connected and controlled via your smartphone.
- Connects to a 2.4Ghz or 5Ghz Wi-Fi network through the Arlo app.

Help your customer build their home security system

Arlo Essential Indoor camera helps secure your home from the inside. For customers looking for more complete security Arlo cameras can deliver 360-degree protection.
